ADMIRAL'S FLAGSHIP IS STILL AFLOAT

Reports That It Struck a Rock Are Unfounded.

NEWS FROM RUSSIAN CAPITAL

Talk of Ending War Is Out of Question Declares Russian Newspaper—The Czar's Government Must Weigh All Matters of Far Eastern Situation.

St. Petersburg, Jan. 7.—Reports that Vice Admiral Rojesvensky's flagship, the battleship Kniaz Zouvaroff, has struck a rock and sunk, are unfounded.

St. Petersburg, Jan. 7.—Regarding the peace talk abroad, M. Souvorin, editor of the Novoe Vremya, in a signed editorial in that paper today passionately declares that the voice of the nation should give an answer in order that the world might understand once for all Russia's position.

The emperor, he added, should consult with representatives of the land as his predecessors did before the days of John the Terrible. While papers abroad now say that peace could be concluded without dishonor, if peace were made they would declare it disgraceful. What the people want, he, M. Souvorin, possibly cannot affirm, but the idea of ending the war at this juncture is abhorrent to him and he believes to the Russian people. If the inscriptions on the banners of demonstrators and the action of some of the zemstvos in favor of peace represented the voice of the nation, it would mean the collapse of all of Russia's aspirations and farewell to her position in the Far East and her dreams of an open road to the sea and the creation of an yellow peril in Asia, which would threaten civilization, and mean Russia's retirement into her Muscovite shell and the disappearance from the stage of this great power. The army, M. Souvorin further says, hold the honor and fate of Russia in its hands. M. Souvorin then reviews sorrowfully the record of bitter humiliations suffered thus far and the chances for the future. In concluding, he declares the government must decide and weigh well the consequences, but the editor insists the people must be united as "disunion, riots and revolution mean the downfall of the fatherland."

The committee of ministers held a second session today under the presidency of M. Witte.

Count Tolstoi's son, Leo, in an article upon Great Britain's constant desire to embarrass Russia, declares Great Britain is preparing her own grave and hastening her own end, if she forces war with Russia, "as the countries of France, Germany and Italy are bound to realize that their interests lie with Russia."

Eighty Officers Accept Parole.

Port Arthur, Jan. 6.—With the third Japanese army via Fusan, Jan. 5.—Only 80 Russian officers have accepted parole.

All the regular Russian troops have marched out of Port Arthur, and will leave for Port Dalny today. Japanese troops entered the city yesterday to keep order. Non-combatants are allowed the option of remaining at Port Arthur.

The Japanese navy is removing the mines and the Japanese hulks at the harbor mouth.

All the forts have been taken over by the Japanese.

News from Tokio.

Tokio, Jan. 7.—When the time came to forward the winter outfit for the army in Manchuria and the commissariat produced hundreds of thousands of fur ear protectors for Japanese and foreigners alike wondered where these things have come from. No one ever had heard of their being made.

It seems that wto years ago the plague was raging along the Chinese coast. The Japanese quarantine bureau decided that strenuous efforts must be made to keep the dread disease out of tha country. They determined to start a crusade. In all the larger cities bounties were offered for each rat brought in. The small boys found this a great source of revenue, and the competition at once became very keen. For each rodent the huntsman was given a small sum and a lottery ticket. The money he might squander, but the ticket he saved and at the end of the month there was a drawing with prizes varying from $5 to $50.

Rat catching became the regular amusement of the boards of health all over the country were kept busy examining the daily bag. Each animal was duly registered and the place in which is was caught was noted. It was then examined and if any suspicious germs were discovered, the building from which the rat came was immediately raided, all animals hunted down and the place was disinfected. In this manner the plague was kept out of Japan.

The small boys amused themselves and made money, but no one ever stopped to think of what would become of the skins of these millions of rats that had been worrying the board of health. They had not been thrown away. The military authorities had used them to make ear protectors.

The navy department announces that the Japanese naval force at Port Arthur has sunk the following Russian war vessels in that harbor:

Torpedo boats—The Gaidamak and Fusatonik; torpedo boat destroyers, the Jetirny, Sissak and Boevoir.

The armored cruiser Bayan is lying on the south coast of the harbor severely damaged and the gunboat Bobrie is entirely burned as the result of the Japanese shelling.

The Russian battleships sunk at Port Arthur have not as yet been officially inspected. The portions of those destroyed by the Russians at the last moment seem limited above water. As there are no signs of interior explosions, it is hoped that the damage done to them will be repairable.

The docks are partially destroyed and filled in, the gates also being damaged. The great crane is intact and serviceable.

IMPORTANT WITNESS MISSING.

Sensational Developments in Dodge-Morse Case.

New York, Jan. 7.—W. R. Gelshenen, a son of Mrs. William B. Gelshenen, widow of a millionaire banker and a number of servants employed in the Gelshenen mansion, appeared before the grand jury today in connection with the investigation of the Dodge-Morse case.

An attempt was made yesterday to serve a subpoena upon Mrs. Gelshenen for her appearance before the jury which was begun yesterday, and continuing today, was unsuccessful.

Assistant District Attorney Garvie, who is assisting Mr. Rand in presenting the case to the grand jury, said that his officers who have been watching the Gelshenen house, told him that 15 or 20 trunks were taken from the house today marked "S. S. Deutschland," and addressed to "Naples." The Deutschland will sail tomorrow from Hoboken, N. J. Whether Mrs. Gelshenen preceded her baggage to New Jersey and, therefore, is out of the jurisdiction of the New York officers, or is still in this city, is not known at the district attorney's office. Her son, entering the grand jury room today said that his mother was not at home.

Sues Girl for Slander.

Philadelphia, Jann 7.—William Herbert Sloan, member of a good family, has caused the arrest of Miss Laura V. Seabury, on a charge of writing letters defamatory to his character. He sues her for $10,000 damages. The girl was held in $300 bail. The charge is that she wrote to his fiancee, a daughter of a wealthy Pittsburg man, declaring, among other things, that he was in the habit of stealing milk. Miss Seabury's father calls it black mail.

No More Free Passes.

Birmingham, Ala., Jan. 7.—The board of mayor and aldermen of this city have passed a resolution prohibiting the acceptance of passes over the street car lines here by any aldermen or any other officials. Passes have been generally used by them for years.

The exhibition was given for the benefit of the children, some of whom were pupils of other schools. Young Talbott was considered one of the best performers and his displays of skill were being closely watched when his hand slipped and he fell.

Although the distance was only 6 feet, he struck on his head and lay still.

CONFUSION REIGNS AT JOINT SESSION

Two Men Wanted To Preside And Row Follows.

SPEAKER REFUSED TO GIVE WAY

President of Senate Thought He Was Proper Person to Yield the Gavel and Dissolved the Joint Session of the Legislature.

Denver, Colo., Jan. 7.—At a joint this morning the legislature went into joint session. Confusion at once resulted when Lieutenant Governor Haggott, the presiding officer of the senate, took his position beside the speaker to direct the joint session. Mr. Dickson refused to give way.

"The clerk of the house will call"—said Speaker Dickson, with a thump of his gavel.

"The clerk of the senate will call the roll of the senate," said Lieutenant Governor Haggott.

Immediately the two clerks commenced to call the rolls amid great confusion. But few names had been called when Representative Frewen arose:

"Mr. Frewen you are out of order," said the speaker.

"Mr. Frewen, you have the floor," repeated Lieutenant Governor Haggott.

Bang! went the two gavels. The two men stood side by side, behind the speaker's desk, both refusing to give way.

The confusion was so great that no voice could be heard, and although Mr. Frewen continued to address the assembly, his voice was not distinguishable.

A motion to adjourn was made and seconded. It came to a vote, the ayes and noes sounding in about equal volume.

"The ayes have it, and the joint session is dissolved," shouted Lieutenant Governor Haggott.

"The noes have it, and the motion is lost," shouted Speaker Dickson.

Whack! went the Lieutenant Governor's gavel.

"The assembly is dissolved!" he shouted. "The assembly is not dissolved," called the speaker.

"I repeat that the session is ended and the senators will leave the room," said the lieutenant governor, and out filed the senators headed by the lieutenant governor and great confusion.

Many of them did not leave the room, but stood behind the seats of the representatives, watching the proceedings.

Speaker Dickson refused to recognize the passing out of the senate and declared that although the senators had left the room the joint session was still in progress.

CITY MAY GET THE GOVERNMENT STREET

Hon. Martin Dodge Writes a Most Encouraging Letter.

NO DEFINITE DECISION YET

Reached, but Director Dodge Says the Department Will Consider Favorably the Resolution of the Gainesville Council.

While there is nothing yet absolutely certain, it is confidently believed that the recent resolution passed by the City Council requesting the United States government at Washington to construct a mile object-lesson street, will bring the desired result.

It will be remembered that, at the invitation of the Board of Trade, the City Council met in special session and passed a resolution asking the government to construct with its experts this mile of street, agreeing to bear the expense of material, etc., for the same. Alderman Lynch acted as clerk at this meeting, and attended to the matter of forwarding the resolution to Hon. Martin Dodge, director of the good roads department. Mr. Lynch has received the following reply:

Senator Lodge's Letter.

"Louis C. Lynch, Esq., City Clerk, Gainesville, Fla.

"Dear Sir: I have received your letter of December 22, and with it a copy of the resolution adopted by the City Council of Gainesville pertaining to the building of an object-lesson street by co-operation between the city of Gainesville and the United States government.

"This application will be filed and favorably considered. I cannot assure you at the present time that we will enter into this co-operation. It has already been substantially agreed that we will enter into co-operation with the county commissioners of Alachua county, and it seems probable that when our men and machinery are there we will extend the co-operation as suggested in your communication. We shall consider the matter more fully as we progress with the other work, and especially when the men are upon the ground.

"Yours respectfully,
"MARTIN DODGE, Director."

It is confidently believed that this street will be constructed, and that it will be a lesson to our city in the matter of conducting thoroughfares in a substantial and economical manner. There is no doubt but that Expert Spoon and his men and machinery will be here for the purpose of constructing the county road, and it is anticipated that the good roads department will assign them to build the street.

Rev. Carlisle P. B. Martin, L. L. D.,

Of Waverley, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." 25, 50c and $1.00. Sold by W. M. Johnson.

HYDE'S BIG SALE.

The Mill and Factory Syndicate Opened Promptly Friday.

In accordance with the advertisement which appeared in The Sun, and which has been circulated widely throughout the country, the big mill and factory sale of George W. Hyde opened promptly Friday morning, and despite the inclement weather the store was quickly filled with an eager crowd of buyers.

The mill and factory sale, which proved so successful at this store last year, was an event which is yet remembered for its bargain-giving qualities. This sale, which is similar and conducted by the same parties, will be a popular trade event, and the big store will no doubt be crowded during today. Mr. Watson, the manager, felt greatly encouraged over the crowd which attended the sale the first day, considering the inclemency of the weather, and anticipates a fine run during the sale.

TORMENTING RHEUMATISM

Columbus, Ohio, May 20, 1903.

Six years ago I had a severe attack of Inflammatory Rheumatism. I was laid up in bed for six months, and the doctors I had did me no good. They changed medicines every week and nothing they prescribed seemed to help me. Finally I began the use of S. S. S. My knee and elbow joints were swollen terribly, and at one time my joints were so swollen and painful that I could not close them when opened. I was so bad that I could not move knee or foot. I was getting discouraged, you may be sure, when I began S. S. S., but as I saw it was helping me I continued it, and to-day I am a sound well man and have never had a return of the disease. S. S. S. purified my blood and cured me of this severe case of Rheumatism after everything else had failed. I have recommended it to others with good results.

R. H. CHAPMAN.
1355 Mt. Vernon Ave.

The poisonous acids that produce the inflammation and pain are absorbed into the blood and Rheumatism can never be conquered till these are neutralized and filtered out of the blood and system. S. S. S. goes directly into the circulation and attacks the disease itself. It purifies and restores the blood to a healthy, vigorous condition. It contains no potash, alkali or other strong minerals, but is guaranteed entirely vegetable. Write us and our physicians will advise without any charge whatever. Our book on Rheumatism sent free.

HE LIKES GAINESVILLE.

Mr. Warner Says This is the Place for People to Raise Children.

D. C. Warner, the clever "block man" of the International Harvesting Machine Company of Chicago, has returned from a profitable trip to Palatka and other points.

By referring to Mr. Warner as a "block man," we mean to infer that he is the head of a "block" of salesmen in this district, arranging their business affairs, trips, etc. He is one of the most successful salesmen in the employ of his company, with the result that his ability has been rewarded by this promotion.

Mr. Warner, who has a wife and interesting children, has been boarding here, but desires to rent a few furnished rooms with the privilege of light housekeeping.

"We are delighted with our board and the treatment we are receiving at our boarding house," he said, "but feel that we would be more at home and have more liberties if we were keeping house. I have children to raise and educate, and believe that Gainesville is one of the best towns in the South for the rearing of a family. Blessed with excellent schools, good churches and moral surroundings, there is no wonder why the people are flocking with their families to Gainesville from all sections of the United States."

DR. JONES IS FINE.

Nashville Banner Pays This Excellent Gentleman a High Compliment.

In speaking of the attainments of Rev. J. Wm. Jones, the author and lecturer who is to appear here on Friday evening, the 13th inst., under the auspices of and for the benefit of J. J. Finley Chapter, United Daughters of the Confederacy, The Nashville Banner says:

"There is a distinct personality about this man which, from the moment he begins to speak, makes itself felt by all hearers, and it is impossible to resist its influence. He seems bubbling over with good humor and contentment, whether he spoke of the prosperous days of the Confederacy or the dark days of '64, he always carried his audience right with him, their humor changing with his. It was such men as Dr. Jones who made the Confederate army what it was; men who were happy when they had plenty, and contented in the knowledge that they were fighting for their freedom when they were starved and ragged.

"The man who lectured last night had been all through it, from '61 to '65, and he knew the Confederate private like a book."

Pleasant and Most Effective.

T. J. Chambers, Editor Vindicator, Liberty, Texas, writes Dec. 26, 1902: "With pleasure and unsolicited by you, I bear testimony to the curative power of Ballard's Horehound Syrup. I have used it in my family and can cheerfully affirm it is the most effective and pleasantest remedy for coughs and colds I have ever used." 25c, 50c and $1.00. Sold by W. M. Johnson.

THE AUCTION SALE.

Thirty-Seven Desirable Lots Disposed of by Phillips Brothers.

The auction sale of lots by the Phillips Brothers Thursday was a big success, and many people were made happy in the purchase of property. The tract offered for sale was that portion at the corner of West Boundary street and the North Gainesville rock road. The property was divided into building lots and auctioned. A large crowd was present, and thirty-seven lots aggregating in value $913.50, were sold. The lowest price paid was $10.00 and the highest $65.00.

One lot was given away in accordance with the terms of the advertisement which appeared in The Sun. The lot was drawn by number, and A. J. DaCosta, the original owner of the property, held the lucky number.

While a number of the lots were purchased for speculation, others bought for the purpose of building homes, with the result that a general building boom in that section is anticipated in a short time.

STAMP SALES ARE LARGELY INCREASED

Increase in Four Years Over Four Thousand Dollars.

AN INDICATION OF PROSPERITY

It Shows Decisively That the City Has Made Wonderful and Rapid Strides, And That We May Expect Great Things With the Future Before Us.

As the best evidence that Gainesville is increasing in prosperity and growing like a hardy school-boy, reference may be made to the business at the post-office for the past four years. In one department alone—that of the stamp department—the increase has been marvelous, and Postmaster Arnow feels greatly encouraged.

For the four years, through the courtesy of Assistant Postmaster J. P. H. Bell, we are enabled to give the accurate account of stamp sales, which were as follows: 1901, $9,027.77; 1902, $10,604.80; 1903, $12,052.71; 1904, $13,044.63.

As will be noted, the sales have increased remarkably each year, the total increase for the four years being $4,017. This does not include the money order department, as a matter of course, but only the sale of stamps. It is an excellent showing, and one of which Postmaster Arnow should well feel proud.

TRANSFER OF PROPERTY.

Mrs. McIlvaine Has Sold Her Cottage to Mrs. E. F. Arnold.

Mrs. McIlvaine has sold her handsome cottage, 106 North Arredondo street, to Mrs. E. F. Arnold of East Gainesville. Mrs. Arnold owned until recently a valuable home in East Gainesville, but the same was too large for her purposes, and she disposed of the property to A. S. Allbright of West Virginia, who is now occupying the place with his interesting family.

Mr. Allbright is a practical mill man and expects to erect a saw mill as soon as a desirable location can be secured. He proposes to keep his family in Gainesville, however, and it is his desire to secure a location as near this city as possible.

Has Moved His Family.

Having engaged in the mercantile business here, J. R. Emerson has removed his family to this city, and is now pleasantly located in the home of Mrs. Mary Thomas, East Main street, N.

In speaking of the success of his business Thursday, Mr. Emerson stated that he was pleased. A few weeks ago Messrs. Emerson & Simpson organized the Cash Grocery Company and opened business on West Main street, S., in the store formerly occupied by Phifer Bros. From the beginning the firm enjoyed a fine trade, which is increasing daily, and the prospects are that they will be among the leading grocers of the city in a short time.

It is to be hoped that Mrs. Emerson will be well pleased. She will be gladly welcomed here.

A Guest of Honor.

Mrs. M. C. Drysdale, second vice-president of the Florida Division, United Daughters of the Confederacy, was the guest of Kirby Smith Chapter on Thursday afternoon at the regular business meeting, which was held at the home of the president, Mrs. H. H. McCreary.

Mrs. Drysdale is a charter member of Martha Reid Chapter of Jacksonville, the charter chapter of the United Daughters of the Confederacy in Florida, and has been identified with the U. D. C. work since its introduction into the State. Kirby Smith feels honored to have had this dear Daughter with them. Her presence was an inspiration, and her judgment and advice is always to the advancement of the noble cause of which she is one of the higher representatives.

Hicks—Wilcox.

The numerous friends in this section will probably learn with surprise of the marriage of Dr. P. D. Hicks of Waldo to Miss Wilcox, near Eastman, Ga., which happy event occurred on the 28th ult.

Dr. Hicks is a practicing dentist at Waldo, and is one of the most widely known and most popular young men in that section. The bride is possessed of a very charming nature, and was a general favorite at her home.

Dr. and Mrs. Hicks have arrived in Waldo, and will make their future home there. Friends will extend congratulations.

"THE DEVIL IS IN THEM."

That is the Opinion of Rev. T. J. Norsworthy of Dunnellon Folks.

Rev. T. J. Norsworthy, the eminent evangelist who has accomplished a great deal in the moral reformation of the southern end of the county, was in the city yesterday. Mr. Norsworthy has moved his family from Mississippi to Micanopy, having purchased a home there, and intends to reside here indefinitely. He is an elegant speaker, a forceful worker, and the people are benefited by his presence.

"The devil is in the people of the Dunnellon section as a rule," remarked Mr. Norsworthy, in speaking of his work Friday. "Understand, I don't mean to say that the devil is in them all, for there are some mighty good Christians there; but I am referring to that section generally. There are some good people there who have got the devil in them too, and who would be magnificent Christian gentlemen if they could only be touched, and I propose to open a meeting for that purpose in Dunnellon next Sunday."

Mr. Norsworthy has conducted most successful meetings in Micanopy, McIntosh, Evinston and other points. He was here for a few days, but circumstances were such that his success was not all that was desired. It was not his fault, however, for he worked faithfully, and considering the proportion of converts to his congregation did remarkably well. He came at a busy time, when it was impossible to secure large congregations, hence this is explained. About twenty-five were converted here during his work.

Sickening Shivering Fits

Of ague and malaria can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to quinine, having none of this drug's bad after effects. E. S. Mundy of Henrietta, Tex., writes: "My brother was very low with malaria fever and jaundice, till he took Electric Bitters, which saved his life. At all druggists. Price 50c, guaranteed.

Kirby Smith Bazaar.

The bazaar which is to be given by Kirby Smith Chapter, U. D. C., on January 20th, at the opera house, for the benefit of the Old Soldiers' Home and Confederate memorial work, promises to be a great success, judging from the interest being manifested by the members and friends of the Chapter.

An excellent supper will be provided, and there will also be a market and candy booth, where country produce and home-made candy will be for sale.

Music will be furnished by the young ladies in the Chapter, and the Gainesville Orchestra will be invited to assist. Kirby Smith takes this opportunity to invite the general public to come to this entertainment and by their presence and patronage to encourage the organization in the work they have undertaken.

A Grim Tragedy

Is daily enacted in thousands of homes, as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. G. Huntley of Oaklandon, Ind., writes: "My wife had the consumption, three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and $1.00 by all druggists. Trial bottles free.

HAS BOUGHT PROPERTY.

Dr. Goldstein is so Infatuated That He Becomes a Property Holder.

Dr. G. Goldstein, the optical specialist who has been at the Brown House for some time, has proved his assertion that he was "dead stuck" on Gainesville by the purchase of a lot on West Boundary street. The Doctor admits that Gainesville is the best town of its size he ever visited, and Gainesville people are among the cleverest people in the world. "I have travelled considerably in my profession," he remarked Thursday. "I have seen all kinds of towns and met all kinds of people. Some are good, some are medium, and I will not pass my opinion on the rest; but I have always liked Gainesville and the Gainesville people, and propose to call this my Florida home."

Dr. Goldstein expected to have left for Ocala today, but owing to his inability to wind up his business here, has decided to remain until Sunday. "If I had my way about it I would remain here all season," he said, "but I have professional engagements which must be attended to, and the sooner I can finish the quicker I can return."

Do Not Suppress a Cough.

When you have a cough do not try to suppress it, but remove the cause. The cough is only a symptom of some disease, and that disease is what you should cure, then the cough will stop of itself. The most common cause of coughing is a cold. Anodynes will promptly suppress the cough, and preparations containing chloroform, opium, etc., are used for that purpose, but they do not cure the cold. Chamberlain's Cough Remedy on the other hand does not suppress the cough, but relieves it by removing from the throat and lungs the mucus which obstructed the breathing and allaying the irritation and tickling in the throat. It also opens the secretions and effectually and permanently cures the cold as well as the cough. For sale by all druggists.

HAS A NEW JOB.

Deputy Sheriff M. S. Cheves is Now in County Clerk's Office.

Deputy Sheriff M. S. Cheves, who has been for some time the efficient assistant of Sheriff Fennell, has accepted the position of deputy clerk under Clerk Wienges, clerk of the circuit court. Mr. Cheves served his former employer faithfully, and there is no doubt but that he will do the same in this new position. He is a man of great ability, and will no doubt prove his value in the position to which he has been appointed. Mr. Cheves desires to state that he and the sheriff separated on the most friendly terms. His position has always been pleasant in the sheriff's office, and it was only for the benefit of a promotion that he made the change.

Here you have it straight. While good words cost nothing and are worth much, please bear in mind that hot air is abundant and is worth nothing.

If you want trade ask for it. Tell people what you have to sell, and give them reasons why they should buy from you rather than from the "other fellow." The most effective and far-reaching method of asking for trade is by advertising.

Cheese-crackers are made by taking long, salted crackers, spreading them thickly with cheese (not the white, but the ordinary yellow cream cheese), and laying one on top of the other, sandwich fashion. Then set them in the oven for a few minutes, and the outside edges will be delicately browned, while the cheese will be cooked just enough to glue the two crackers together.

Train yourself to keep your troubles to yourself. Don't pour them out upon acquaintances or strangers. It isn't their fault if you have troubles, and they don't want to hear of yours because they have so many of their own. And, besides, here is a point to consider, if you insist on telling other people your grievances they will at length come to dislike and shun you, because thereby you prevent them from telling their troubles.

The decision of the Treasury Department that a frog is a bird seems to have been investigated by a Pennsylvania judge who has decided that a bird is not an animal. We wish the judge had gone into the matter a little further and decided just what a bird is, for Secretary Shaw evidently still believes a frog is a bird and therefore a bird must be very nearly a frog—a kind of jumping bird with the feathers off. The trouble with Shaw is that while consorting with the Washington diplomats he has been fed on frogs' legs and thought he was eating quail.

FROM THE LADDER'S TOP.

Hon. George W. Wilson, editor-in-chief of The Florida Times-Union, represented his paper at the inauguration of the new governor. Mr. Wilson gave to the State an excellent report, sparkling in originality and emphasizing the most interesting features which occurred in connection with this great State function. But there is one paragraph which to the press appears of note. It is this:

"It would seem to any experienced representative of the press that the local committee on arrangements had planned to bring upon the Broward administration the hostility of the newspapers, for the reason that all the usual courtesies extended to the press were entirely overlooked, and it is charitable to say, perhaps through inexperience in such matters. The slight was, however, just as effective as though deliberately made. Representatives of the press gathered up their dignity and followed the procession to the capital grounds and stood on the outside, no provision having been made for them, as is the custom in every capitol in the world. Perhaps Tallahassee, in its isolation, may need newspaper help in the future."

It is perhaps a singular coincident that the greatest paper in the State through its editor-in-chief complains for the slight the press received by the committee which arranged for the greatest function known to the civic or political history of the State for a period of four years. At the inauguration there was no provision for the press. Whoever had charge of the arrangements might not have intended a slight. The slight might have been the result of a dwarfed and irresponsible quality of gray matter usually carried in the head, rather than to a desire on the part of the mental midget to have offered a slight to the greatest agency for the progress, development and stay of the State.

But there was a slight, whether intended or not. The Sun is really sorry that the Hon. George W. Wilson should have been snubbed at the State capital upon an occasion of this kind. The genial and affable, whole-souled and kind-hearted editor-in-chief of the greatest paper in the State deserved better treatment for himself, and certainly the paper which he represented ought to have been looked after more kindly.

After all, it is perhaps a good thing that if any representative of the press was snubbed that it was the representative of the greatest daily in the State. It may result in a campaign on the part of some of them to give the little fellows scattered throughout Florida a better show in the future. Who knows but that it may eventually lead to giving to the press of the State that which is due not only on occasions where we inaugurate a governor with a deal of foolish pomp and splendor, through unnecessary showing of the leaders of Florida's four hundred in the room, but at all great and little events in the State.

The Sun, however, extends its sincere sympathy to George. It was evidently the one sad moment of his life. Imagine a genial person like George Wilson, a fellow who is always looking after his neighbor and a man who is the equal if not the superior in everything to anybody who figured in that inauguration from the governor down, being snubbed in Tallahassee, the city which has boasted of its hospitality, and snubbed because a mental midget at the capital either willed it or was unintentionally responsible. It is a travesty on all social ethics, a disgrace to Tallahassee and a blot upon the State.

But how often has the editor-in-chief of the greatest paper in the State sent one of his reporters out to cover a social or State function, and how often has that representative worked faithfully to the end that his paper might be served with zeal, forgetting the slights which he could not resent and thinking of nothing but the duty he owed to his paper. Doubtless this has occurred a hundred times within the past few months. It is hoped that The Times-Union will give us something refreshing along this line at least once each month. It is a good lesson.

JAPS' WRESTLING MATCH.

In view of the great war in the Far East, upon which the eyes of the world have rested for many months, the following, taken from a recent issue of The New York Times, will prove of interest to readers of The Sun. It goes to prove the wonderful alacrity of the little Oriental people, who are among the leaders of the world not only in athletic sports, but in fighting qualities, determination and loyalty:

Higashi, a Japanese who weighs just 120 pounds and is only 5 feet 3 inches in height, appeared at police headquarters yesterday, at the request of Commissioner McAdoo, to show the police the value of the wiles and tricks of jiu-jitsu, or Japanese wrestling. The two policemen Higashi met were "Ajax" Whitman, the bicycle policeman, who weighs 200 pounds, and Chas. Kammer, who stands 5 feet 11 inches in his stocking feet, weighs more than 200 pounds, and once held the National championship as middleweight boxer.

The commissioner himself was prevented by indisposition from attending. But his secretary and Chief Inspector Cortright were there, as were five policemen holding records as athletes.

The spacious trial room had been cleared for the occasion. Its floor was covered with thick layers of soft rugs. At one end stood the policemen. On the middle of the floor waited the little Jap. He looked as if any one of the five might make a single mouthful of him. His dress was that of the ordinary citizen, including collar and cuffs. When asked if he were not going to undress for the trial, he shook his head smilingly. Then at a nod from the Chief Inspector, Ajax stepped forward, having previously stripped off coat and vest.

"I am afraid of hurting the chap," he remarked casually as he approached his antagonist. And again the Jap merely smiled. But when he saw the policeman took an attitude as if intending to wrestle, according to Occidental methods, he spoke up:

"You had better not resist, or I may hurt you."

"Aw, come off," was the retort, accompanied with a contemptous laugh.

Next moment something happened. But if their lives had depended on it nobody in the room could have told just how it came about. Ajax was lying on his back flat on the floor. The Jap was standing just where he had stood before, having barely moved. Quick as a flash the big policeman was on his feet again. Higashi seemed to step sideways as if intending to get out of the way. As he did so he leaned forward slightly. There was a crossing and mingling of arms. Ajax was heard to draw a deep breath. And once more he was prostrate on the floor.

Getting up a little more carefully and slowly than the first time, the policeman held back a moment. His face was very red, and there was fire in his eyes. Apparently he was preparing for a serious effort. This time Higashi did not wait for him, but approached with short quick steps. Body met body, but the struggle lasted only a few seconds. The tall form of the policeman was seen to whirl through the air and land heavily on the rugs, back downward. On top of him was the little wrestler, holding on in some curious sort of way that prevented the man underneath from stirring, although it was plain to the observers that the latter exerted his utmost strength to free himself.

Finally Higashi sprang aside and Ajax scrambled to his feet, purple with rage.

"I'll finish that fellow yet," he cried.

"I don't want any more of him," said the Jap, turning to the chief inspector. "If he makes me wrestle in earnest with him, I'll probably break some bones—and I don't like to."

"Get back, Whitman," commanded Inspector Cortright, sharply. "This is not a wrestling match. We want to see how it is done, and not who is the best man. Kammer had better take a turn at it now."

The second champion of the force was the tallest of the lot, and by the side of him Higashi looked more insignficant than ever. He stepped good-humoredly over to his frail opponent and began to feel his arm.

"Why," he said, "you've got no muscles at all—and such funny thin wrists you've got."

"Are you ready?" asked the Jap.

"Sure," said the policeman, grinning broadly and placing himself squarely and massively, with feet well apart, just as if he intended to foil the other's great skill by mere superiority of bulk and weight. In another moment Higashi was behind him and appeared to lift the huge form clear above his own head. Kabber landed in a heap, but apparently without suffering hurt or harm. Raising himself to a sitting position and scratching his head with one of his cumbrous fists, while hopeless, helpless surprise pictured itself on his face in the most amusing fashion, the policeman let drop from his lips an automatic:

"Well, I'll be ——!"

He was shown then by the Jap just how the trick had been achieved. Furthermore, he was instructed how to guard against a repetition of it. Yet the result was the same. More than a dozen times did slender Higashi throw his overtowering opponent, using different holds each time and always accomplishing his end without any seeming employment of strength.

Inspector Cortright finally declared he had seen enough and praised the Jap in the highest terms.

"It isn't marvelous at all," replied Higashi modestly. "Any policeman in my country could do just as well. They are bigger or stronger than I, but they are all trained in jiu-jitsu."

It is expected that the members of the force will soon be practicing in their respective station houses. Whether their training will be effected without breaking of bones remains to be seen. That tempers will be badly strained may be taken for granted.

When tired, go home. When you want consolation, go home. When you want to show others you have reformed, go home and let your family get acquainted with the fact. When you want to show yourself at the very best, go home and do the act there. When you feel like being extra liberal, go home and practice on your wife and children first. When you want to shine with more brilliancy than usual, go home and light the whole household. Home is the best place of all, if we would but make it so. Life's great opportunities are never labeled.

A curious fact in regard to the drug trade is that we are today importing in considerable quantities ordinary medical plants which may be found growing wild in America on farms and are destroyed by farmers who condemn them as nuisances and an eye-sore that destroy the beauty of a well-kept farm. Among this class of despised drug plants are the common may weed, dandelion, burdock, couch grass and curlydock, and these might all be a source of income with a small effort to members of the farmer's family.

COMMISSION HAS GRANTED RATES

Movement Inaugurated by Baird Hardware Co. Two Years Ago

HAS NOW BEEN EFFECTED

Railroad Commissioners, in a Recent Session, Ordered Reduction in Rates Which Will Mean Big Thing for Interior Cities.

The interior cities of Florida which have fought the railroad companies in regard to rates have won their point, and it is a good one, because it gives those cities which desire to conduct a wholesale business an equal advantage with Jacksonville.

In February, 1903, the Baird Hardware Company, realizing what they considered a discrimination in freight rates on certain articles, began the fight, and to them the credit belongs. During that month this firm filed with the Railroad Commission a petition citing the apparent injustice, and requesting that a comparative reduction be made. The Ocala Board of Trade, recognizing the importance of this matter, became a party to the petition at its informal hearing, when the petition was filed for information and reference by order of the commission.

For nearly two years this petition occupied one of the dark pigeon-holes of the commission in Tallahassee, but the Baird Hardware Company, through W. B. Taylor, with a persistent effort did not fail to remind the members of the commission at various intervals of its importance, with the result that it was not allowed to suffer the fate of the dead. An order was finally issued calling a meeting of the commissioners in Jacksonville on December 1, 1904, "to consider the adoption of amendments to Classification No. 1," and affording an opportunity to all railroad companies and common carriers and show cause, if any they had, why the proposed amendment should not be adopted. The amendment referred to was the amendment offered by Mr. Taylor, and it will prove gratifying information that the same was adopted.

Immediately after the organization of the Gainesville Board of Trade, that organization joined the effort, and at the meeting held in Jacksonville at the specified time, Mr. Taylor, representing the Gainesville Board of Trade, and a delegatian from the Ocala Board of Trade, were present. Mr. Taylor was the only representative giving in evidence; that submitted by him covered thirteen legal cap pages, typewritten. It had the desired effect, for the commissioners have issued Order No. 65, directing that the amendment be adopted, and that the railroads place same in effect February 1st.

What the Order Covers.

This order covers agricultural implements, blinds, doors and frames, earthenware, sash and skylight frames, stoves and ranges, in carloads. The reductions, which will prove interesting reading, are as follows: Agricultural implements, from 25 cents to 18 cents per hundred pounds; sash, doors and blinds, from 25 cents to 10 cents per hundred; earthenware, from 32 cents to 18 cents per hundred; sash and skylight frames, from 25 cents to 10 cents per hundred; stoves and hollow ware, from 32 cents to 12 and a fourth cents per hundred.

Merely a Forestep.

While the amendment covers only these articles, it is merely a forestep to what will follow, and it is calculated that this action of the commission will be worth millions of dollars to the cities of interior Florida.

The imperial canal in China is the longest in the world, and connects no fewer than 41 cities in the course of its 800 miles.

REAL ESTATE TRANSFER.

Mrs. Fannie Dell Buys the Handsome Lartigue Home, East Gainesville.

Among the most important real estate transfers recently was the sale by Dr. Lartigue of his handsome cottage home, East Magnolia street, to Mrs. Fannie A. Dell.

Dr. Lartigue, in speaking of the sale Saturday, stated that he had no intention of leaving Gainesville, but that he desired to purchase a lot and build a home nearer the center of the city. His professional duties call him out at all hours, and he feels that a more central location would prove more convenient.

To the Public. The Diamond Ice Co. having just been incorporated will, on January 1st, 1905, succeed to the old partnership of Stringfellow Bros. & Livingston, taking on the assets and operating the factory for the benefit of the stockholders. All accounts must be settled on or before that time, as an entirely new set of books will be opened, and all patrons of the old company are requested to call at once and settle their accounts. No new accounts will be opened with persons who have failed to settle their old accounts.

Yours truly,
T. B. STRINGFELLOW,

PUBLIC LANDS ARE IN GREAT DEMAND

United States Land Office Enjoyed Most Profitable Quarter.

MANY ENTRIES WERE MADE

Correspondence From the North Regarding Lands Heavier Than for Many Years, Which is Evidence That the Eyes of the Country are on State.

Through the courtesy of Chief Clerk Louis C. Lynch of the United States land office, The Sun presents the following report of that office for the quarter ending December 31, 1904:

445 homestead entries, 55,225.78 acres; 144 final homestead entries, 17,346.20 acres; 161 excess cash entries, 167.48 acres; 54 commuted homesteads, 7,360.22 acres; 48 M. B. land warrant locations, 6,517.53 acres; 11 timber and stone land entries, 1,316.93 acres; three Ind. school selections, 1,625.27 acres; one agricultural college scrip location, 159.51 acres.

Clerk Lynch states that this business was far over excess of preceding years, same period, which is evidence that the eyes of the entire country are turned upon Florida. Blessed with an abundance of fine timber, an expanse of soil the fertility of which is not excelled in the United States, climatic and other advantages which are unequalled anywhere in the world, there is no wonder that the people are desirous of coming to Florida to live.

There has been a large correspondence from people of the North during the quarter just closed. These people, desirous of escaping the wintry blasts of thier frozen home, want to come and settle here, and many are taking advantage of the homestead right and building for themselves homes that will be a credit and benefit to themselves and the State.

The homestead entry fever has not struck one section alone, but the entire State from Pensacola to Key West, with the result that the public lands, with their diversified advantages, are rapidly being taken up.

OPENING OF E. F. S.

Students Are Returning and School Will Again Get Down to Business.

After a vacation of about two weeks the pupils of East Florida Seminary are returning to school, and Friday when the school opened for the spring term a majority were in their places.

The fall term of East Florida Seminary, under the direction of Prof. Jere M. Pound and his able corps of assistants, was one of which any faculty had a right to feel proud. It is anticipated that the spring term will prove equally successful, and the result will be that East Florida Seminary will have enjoyed one of the most beneficial years of its existence.

The faculty and students are heartily in accord. They are all working hard and earnestly endeavoring to make a record for the school and themselves which will go to their credit.

The college opened Friday for the spring term with the usual ceremonies, and every member of the faculty and every student entered with resolutions to do their utmost in making the term a success.

A HAPPY WEDDING.

Two Popular Young People Were Married at Montbrook Recently.

The home of Senator and Mrs. N. A. Blitch, Montbrook, was the scene of a pretty wedding Wednesday, December 28th, when their charming daughter, Miss Etta, was united in the holy bonds of matrimony to Hugh L. Brownlee. Of this marriage The Starke Telegraph says:

"The ceremony was performed by Rev. Frank Edwards of Orlando, in the presence of a small company of relatives and intimate friends of the bride and groom. Following the ceremony a sumptuous wedding dinner was served.

"Mr. Brownlee is proprietor of the Starke Livery Stable, is popular socially and stands high in business circles. He is one of Starke's leading young business men and has before him a future full of promise. His bride is the youngest daughter of Senator and Mrs. N. A. Blitch of Levy county, and is a favorite in Starke, where her school days have been spent.

"They arrived home yesterday afternoon by the Seaboard train from the south, and will begin housekeeping at once with Mr. and Mrs. J. E. Futch."

Bought Chamberlain's Cough Remedy and Sent it to Friends.

Mr. F. W. J. Fletcher, a druggist in Victoria, Australia, says: "A customer of mine was so pleased with Chamberlain's Cough Remedy, which she had used for her children when suffering from colds and croup, that during a fortnight's time she obtained at my shop, nine bottles, which she sent to her friends in different parts of the State, telling them how much good it had done and advised them to give it a trial." For sale by all druggists.

FUNDS ARE NEEDED FOR THE HOSPITAL

Public Appeal Made for Money to Erect Building, Etc.

A MOST DESERVING CAUSE

Realizing the Growing Need for a Hospital, Enterprising and Humane Citizens Take Steps, and are Meeting With Gratifying Success.

The Gainesville and Alachua County Hospital Association has issued to the public the following circular, which The Sun is requested to publish for general information. The cause is a worthy one, and it is to be hoped that the circular will accomplish the desired result:

This county is very much in need of a public hospital, where the poor people of the county can be treated free of cost, if necessary, and where the well-to-do can have, at moderate cost, trained nursing and every facility to aid in their recovery from serious illness or accident. In certain classes of surgical operations the people especially need the advantages of a well ordered hospital.

We have formed a charitable organization for the purpose of building and maintaining such an institution, and we ask all the people of the county to assist us in this charitable work. If all will help the burden will not fall heavy on anyone.

The population of our county must now be almost 35,000, and with the large number of people exposed to all manner of accidents and diseases there is not a hospital in the entire county. The time has come when this work must be undertaken, and we hope all our citizens can see the need of such an institution and help us to secure it. Once we get the hospital built and furnished we feel sanguine of being able to maintain it. As this is purely a charitable work undertaken in the interest of suffering humanity we feel that we have a right to count upon some assistance from everyone. The association will be legally chartered and well and economically managed. The following is the full list of officers:

President, H. F. Dutton; 1st vice-president, W. R. Thomas; 2nd vice-president, G. W. Hyde; secretary, Dr. E. Lartigue; treasurer, B. P. Richards.

Board of Trustees—W. W. Hampton, G. Robinson, C. W. Chase, C. A. Clough, Perry M. Colson, W. B. Taylor, A. J. McArthur, H. E. Taylor, T. P. Hay, Dr. J. H. Hodges, Dr. F. McKinstry, Jr.

The chairman of the Board of County Commissioners and the president of the City Council are also ex-officio members of the Board of Trustees.

All officers of the Association who handle any funds will be under bond, and the affairs of the hospital will be conducted in a business like manner. We want you with us in this work. We intend to make the hospital modern in every particular and a credit to the county. We have raised about four thousand dollars in Gainesville and have purchased a desirable lot on which to erect the buildings. We will need about six thousand dollars more. We desire to give everyone an opportunity to assist in this noble work. Only contribute what you feel you can afford to. Don't hesitate to help us in this noble work because you don't feel able to make a large contribution. A few dollars from each one will give to the county a modern hospital of which we will all be proud. A list of all contributors will be published from time to time in the papers and a careful record will be made of each contribution.

We would also like to enroll you as a member of the Hospital Association. The only obligation you assume in becoming a member of the association is the agreement to contribute one dollar each year towards the support of the hospital.

Send all remittances to B. P. Richards, Treasurer, care of H. F. Dutton & Co., Gainesville, Fla.

Yours very truly,
THE GAINESVILLE AND ALACHUA COUNTY HOSPITAL ASSOCIATION.

Cured Lumbago.

A. B. Canman, Chicago, writes March 4, 1905: "Having been troubled with lumbago at different times and tried one physician after another; then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of former soldiers." 25c, 50c and $1. Sold by W. M. Johnson.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root,** the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

AUCTION PURCHASES.

List of Those Who Bought Land at Auction Sale Last Thursday.

The question has been so common as to who took advantage of the opportunity to purchase valuable lots at the auction sale Thursday that The Sun has decided to publish a list, together with the number of lots purchased and the price paid. Through the courtesy of Manager H. B. Phillips a list has been secured.

The aggregate value brought from purchasers was $913.50, divided in purchases as follows:

W. H. Palmer, 2 lots, $34; C. L. Laughin, 2 lots, $37; J. E. Becker, 6 lots, $116; J. J. Prevatt, 1 lot, $23; A. W. Williams, 1 lot, $27; W. M. Daniels, 2 lots, $28; H. K. Hill, 3 lots, $69; P. O. Weaver, 1 lot, $36; Dr. G. Goldstein, 1 lot, $65; H. Wenske, 4 lots, $116; Alfred Harrod, 2 lots, $50; F. C. McMahan, 2 lots, $24; Benson & Son, 3 lots, $31.50; W. E. Webb, 2 lots, $58; H. T. Boyer, 2 lots, $104; H. A. Fisher, 3 lots, $70; L. L. Sandborn, 1 lot, $25.

As has already been stated, the free lot was won by A. J. DaCosta, original owner of the property.

While many of the lots were purchased for speculative purposes, others bought for the purpose of building homes, with the result that a building boom in that neighborhood is anticipated.

Manager Phillips stated that it is the intention of the property owners to construct a convenient and safe railroad crossing on the road leading to North Gainesville, and in the immediate vicinity of the lots, and this alone will tend to increase to some extent the value of the property. The streets in the immediate vicinity will also be repaired and placed in better condition.

Imperfect Digestion

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. Sold by W. M. Johnson.

Spoiled Her Beauty.

Harriet Howard of 209 W. 35th St., New York, at one time had her beauty spoiled with skin trouble. Twenty-five cents at all druggists.

PRODUCE AND SAVE

YOUR MEAT

For the information of those who desire to have their hog meat cured in our cold storage we recommend the following method of preparation:

As soon as the butchered animal has cooled down, cut up and trim to perfect shape, leaving chine bones on hams, and blade bones on shoulders; salt in the usual manner, using not more than 10 pounds salt, 2 ounces brown sugar, 2 ounces saltpeter and 1 ounce red pepper to each 100 pounds of meat. It should reach the cold storage not later than three days after so prepared. If any additional salt is needed after reaching us, we will supply it. Leave in cold storage 45 to 60 days, according to size of meat. After taking from cold storage wash in warm water and dry, then wrap or sew up closely in muslin, so as to prevent attacks from flies or other insects; hang up and smoke at intervals for three weeks. It will take smoke perfectly through the muslin. Green hickory wood makes the best smoke. When dry, take down and pack in boxes, a layer of cut straw, then one of meat, etc., and you will have as fine meat as can be produced, until following season.

Parties having railroad facilities may with perfect safety ship by freight and have it returned same way. Mark plainly to us and also your name on box or barrel and mail us bill of lading. Prepay freight at shipping point. Our charge for storage is one cent per pound for one month. We also wish to buy hogs dressed. We solicit patronage in perfect confidence to give entire satisfaction, and feel that our enterprise is of the greatest benefit to the farmer. Yours for home-made meat,

The Diamond Ice Company of this city, with the view of controlling the ice business north and south of Gainesville, are to erect at once a ten ton plant at Alachua, and a plant of like capacity at Micanopy. This will give to Gainesville and Alachua county a surplus of ice which we have never yet enjoyed as well as adding greatly to the manufacturing interests of our section. In connection with this enterprise we propose to put in an up-to-date cold storage plant at Alachua. Diamond Ice Company. 2td-2tw

J. R. Smith of Trenton, who has been in the city for the past two days, returned to his home yesterday. While here he made The Sun an agreeable call. Mr. Smith has recently acquired by lease several thousand acres of fine timber land, and proposes to go extensively into the crosstie business. The property is located on the line of the proposed extension of the Jacksonville and Southwestern railroad, and there is no doubt, with his advantages of shipment, that he will make a big success of the venture.

After a couple of weeks on his last visit spent in this city, Dr. G. Goldstein, the oculist, expects to make his departure today for Ocala. Dr. Goldstein has become so infatuated with Gainesville and its clever people that he has actually become a property owner, having purchased last week a handsome lot in North Gainesville. He is not only an excellent gentleman but a fine oculist, and many have been benefited by his visit here. The Doctor expects to make his future winter headquarters in Gainesville, hence our people may expect to see him often.

MEETING MELON GROWERS.

Association Elected Same Officers for Ensuing Year.

An interesting and well-attended meeting of the Gainesville Melon Growers' Association was held in the offices of the S. J. Thomas Company Saturday afternoon, at which the old officers were re-elected as follows:

A general review of the past year's work proved satisfactory, and the growers were perfectly satisfied with the result. It was decided to continue shipments to the same commission houses which handled the association prroducts last year.
